School Area Eligibility Data for "At-Risk" After-School Snack Program

Attached for your information is the current list of area eligible schools for the "At Risk" After-School Snack Program. This list includes schools where 50% or more of the enrolled children are eligible for free or reduced price meals in the National School Lunch Program in the month of October 2002. The new school data is effective **February 1, 2003** and would impact:

- Programs initiating the after school snack program; and
